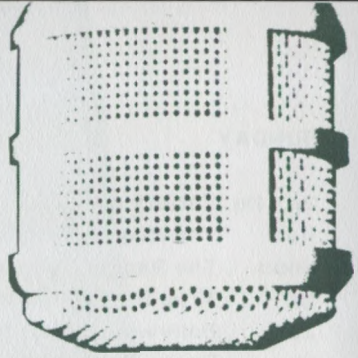
Mission Statement

KPSU is dedicated to providing programming and media support to the Portland State University community and to the greater Portland metropolitan area. It is the objective of KPSU to serve its listening audience with diverse programming that is unavailable from other sources. KPSU aims to provide diverse, open-minded programming by and for real people in and around Portland State University and the Portland metropolitan area. KPSU is here to serve its audience with media support



Station Profile

Since our inception on October 1, 1994, KPSU has broadcast on 1450khz from 5pm until 2am Monday through Friday, and 12 noon to 2am on the weekends. This is made possible by a renewable time share with KBPS-AM, the public radio station at Benson Polytechnic High School. All full and part-time students, as well as community members, are eligible and encouraged to enroll in training and join our organization.

Programming

KPSU offers a wide variety of entertainment and speciality programming. Our on-air programs are an eclectic mix of musical styles, talk and personalities. KPSU provides a voice for Portland State University and student organizations, as well as the entire Portland community. Through this, KPSU is able to provide programming that can find little or no exposure on commercial radio.

Studio

KPSU is located in the sub-basement of Smith Memorial Center on the Portland State University campus.
